

# SharlotChi's Universal Codes

**LIGHT CODES** — also known as **STAR CODES** — are sacred energetic designs carrying the power to initiate profound transformation within the body, mind, and spirit. These codes integrate multidimensional geometries, vortex forms, lost parts within Self, and crystalline patterns that express Universal Consciousness, each one uniquely attuned to awaken new pathways in your life. Every Light Code is intrinsically connected to a specific **COLOR CODE** — a vibrational hue chosen to dissolve stagnant patterns within the brain and energetic field, gently rewiring consciousness into elevated states of well-being, abundance, joy, clarity, expanded perception, and spiritual awakening. These channeled codes act as living messages, transmitting frequencies that support empowerment, remembrance, inner strength, intuition, creative flow, and the mastery of new skills. As we collectively return to our original blueprint, these codes assist in anchoring higher frequencies into your daily life and environment.

**When installing these STAR CODES in your home**, you receive not only the energetic transmission but also a **personalized message and interpretation** of the code's meaning and purpose — accompanied by a **hand-signed Certificate of Authenticity**.

These radiant geometries uplift the vibrational resonance of any space, assisting in the release of outdated belief systems, limiting narratives, and mental constructs. They invite you to claim your full capacity for **joy, insight, and mental brilliance**, while creating a sanctuary of light for all who enter.

**Fine Art Certified Glicée Prints on Fine Art Canvas, or on  
100% Cotton Hahnemühle Museum Etching Artpaper Certified Glicée for 100 Years!**

## Giclée prints are High-Grade reproductions of works of art.

### Prints on Museum Etching Art paper 350gr.

Dibond Frame: is a top-quality, lightweight aluminium sandwich panel with exceptional rigidity. These panels consist of a black polyethylene core with a 0.3mm aluminium top layer on both sides: comes with a suspension system of 16 mm.

No Frame: The Museum Etching Art paper will be sent in a Tube or Box, depending on size.

### Prints on Canvas: Hahnemühle Artist Canvas 100% Cotton

A floating frame, also known as a floater frame, is a type of picture frame designed to give the impression that the artwork is "floating" within the frame, rather than being covered or enclosed by it. This is achieved by creating a small gap between the artwork and the frame's inner edges, resulting in a shadow line that accentuates the artwork.

No Frame: The Hahnemühle Canvas print will be sent in a Tube or a Box, depending on size.

The giclée fine art print is a contemporary digital printing technique which meets the highest requirements set for graphic work by artists, museums, and art collectors.

The Certified Art Giclée™ quality mark is the pre-eminent European standard for original limited giclée fine art printing editions. Thanks to the Certified Art Giclée™ a distinction is created between original, high-grade, and valuable museum quality giclées and the inkjet prints of often disappointing quality, which are nonetheless offered under the name of giclée.

The Certified Art Giclée™ logo guarantees consumers, artists, galleries, and museums the very highest quality and a long lifespan of the relevant giclées, which are always accompanied by a certificate of authenticity. Certified Art Giclée™ also guarantees that there will never be more prints made than agreed with the artist.

The durability of a Certified Art Giclée™ is at least one hundred years, so that it attains the archival standard set by the 'Fine Art Trade Guild'.

The Certified Art Giclée is always printed with waterproof archival pigment inks and on acid-free and OBA-free materials. These materials are provided with an invisible coating that brings about a chemical reaction between the ink and the material. The minimum resolution is 1440 dpi, so that the prints are screenless and have an unprecedented level of detail.

The Certified Art Giclée is always provided with a visible number and a signature applied by the artist. The accompanying certificate is provided with a number and signature and is also co-signed by the master printer. This certificate also states the edition including the EAs.

## PAYMENT:

Dear Customer,

Transferring money internationally can be done at almost 0% cost. I no longer offer Paypal as it is getting extremely expensive and robbing people.

Please email for additional information: [unifiedfields@aol.com](mailto:unifiedfields@aol.com)
