2-Days Seminar: PLANE 4

2-DAYS SEMINAR:

This seminar offers weekly shifts for the incoming year flowing with the process of the Lady/Shangri-La Essence meeting the Gentlemen/Shambhalla Essence.

This 2-day transition moves the individual back into the Halls of Light merging with Lite Earth. The Shifts entering will open up the Music of the Spheres, a space where math and music blend together and rewrite the Ki-Codes with the White Christ Ray along the opening into the Harmony Codes far beyond any soul tracking system and magnetic debris. Until one opens up into the Electronic Light Orchestration, one remains in synthetic tones. The notes creating songs will be rebuild into its Original Measurement, making up 12 OCTAVES MATCHING 12 NUMBERS, MATCHING THE RISE OF THE EESTIAL BODY INTO THE OMNI BODY.

HEADLINES

All the alignments will move into the "O" RING that equalizes the Elestial/Omni Vesica of Pisces connecting Lite Self to Light Self. The time spent from this Cornerstone to the next year March Cornerstone will be finalising one's space DEEP INSIDE their Elestial Embodiment. Thus the Eustachian Tubes hear the Eterna Grids connecting well with self; but advancing the Orchestration in the Merkivah to match it.

The Burgundy Ray (higher ray) grid that wears the entire TEAM UNITY lighter song note is Anchored well in Lake St Clair in Detroit, Michigan. The grids from the Great Lakes to the Southwest now begin to form the imprint of Original Paradise returning to its Origin, yet ONLY IN MODERN DAY WAVES and SOUNDS. Any old energy cannot hear music of the spheres as it has to VIBE with the Modern Day aspect. This House of the Rising Sun opens the double doors of Shangri-La/Shambhalla and its highest grounded space for entities to blend with as they are removed from the soul herd, and yet staging their Foundation to match lighter movement; and musical spaces with lite active equations hosting what lite body represents.

The Grapevine Grid is the Orchestration one is blended to as well during this lite integration; and yet the musical map and of Unified Experiences and Expressions hosted by Divine Alignment. It is a time of great Elevation and Forward Orchestration is one avenue one is working to bring in; although in the lightest of moments with the Divine.

This opens the Tunes in a Song movement; but it is also a time of moving into the next wave of Lite Orchestration. This is far removed from synthetic designs.
